YOUR NEWSPAPER COST

Your newspaper service is the cheapest necessity you buy. The advertising cost through the daily newspaper is the cheapest manner in which to reach customers.

This has all been effected by a wonderful world-wide organization and system, by which the public benefit, and an efficiency not known to any industry.

Newspapers which have all experienced enormous increases in publishing costs of their own, are being subjected to prohibitive paper prices and exactions many times the increased cost of manufacturing paper.

The Press is doing its utmost to maintain its service to the public, without passing on these extortions, but expect that at least two thousand newspapers will be forced out of business next year and most of the others will show deficits.

The situation is extremely serious, for the Publisher and the Public.

The Paper Committee,
American Newspaper Publishers' Association,
592 World Bldg., New York City.

OUR BIG SALE WILL BE CONTINUED THE ENTIRE WEEK

on account of the unexpected volume of business, yesterday. We are forced to continue our special grand opening offer all this week.

WONDERFUL POSSIBILITIES OF ARIZONA DRY FARMING METHODS

Although Yavapai county captured first prizes for the "Best Collection of Exhibits From One County" and the "Grand County Prize" nearly every county in the state won a number of first and second place awards in the agricultural exhibits at the Arizona state fair. Everything from a bale of hay to a string of beans was on display. And there were some mighty fine examples of the practicability of Arizona's dry farming methods. All of the exhibits were of the highest order and were arranged most attractively in the booths of the various counties. Even Gila county, which in the past years has only contributed minor exhibits, had an attractive dry farming exhibit at the state fair this year. Although the exhibit didn't sweep any prizes, it demonstrated, according to the county commissioner C. C. Paffes, that the farming possibilities of Gila's fertile valleys are rapidly being exploited.

Following is the list of prize winners for agricultural displays:

Baled Hay
Alfalfa, best bale—First, Hassayampa Alfalfa Farms Company, Prescott, Arizona; second, L. R. Pace, Thatcher, Arizona.
Barley, best bale—First, Pima Indian Agency, Tucson, Arizona; second, Porter Brothers, Phoenix, Arizona.
